Video / Audio recording for your special event:

**Additional editing:**

**\$30 per hour fee** (1 hour minimum).

- combine and edit videos from other sources
- title sections
- add background music
- publishing
- add a photo slideshow - my photos plus other photos from guests SD Ram cards.

Buy cheap SD memory cards online, and call guests in advance and ask them to take pictures.

We can edit the guest pictures, later, combine into a titled slideshow, including music,

- add voiceover from you, or someone of your choosing.

Video / Audio recording for your special event:

**Audio (more controllable sound) Stereo sound recording equipment**

**\$60 per setup location**

- Note: if the party has a **live, loud, rock-band**, in order to avoid distorted sound, you might consider this extra sound recording equipment option.
- **Cameraman remains stationery** if using this setup.
- **Video from one source, Audio from another source** (Cassette Tape Deck), from microphones.  
(Basically put, Music and voice go from the microphones to the DVD)
- **(2) Quality Stereo Room Microphones**, plugged into simple mixer, and then plugged directly into the DVD recorder.
- The video will also be direct-connected to a DVD recorder.

This will require an electrical hookup, max range 100 ft.

Video / Audio recording for your special event:

**Special lighting** can be arranged and rented.
