

Are those **family**
film memories
valuable to you?

Do you have those
family **8mm** and
Super 8mm silent
films tucked away
somewhere?

You owe it to yourself
to read on...

URGENT!

Recover your
priceless family
50's, 60's, 70's,
and more recent
memories, now,
before they
deteriorate
beyond
recognition, and
they are lost
forever...

8mm film to DVD Super 8mm Film to DVD

Your DVD transfer is recorded digitally from the original FILM, and the memories will be preserved for your entertainment and easy viewing on you computer or DVD player.

Advantages:

Preservation of your family memories. Avoid the time consuming projector and screen setup. Let me do that for you. No more "clickity clack" and expensive projector bulb replacement. Music, Narration, and Sounds can be added or removed.

Convenience:

Transfers can be arranged in person, through the Mail, or use Courier Services. If you are in the vicinity of Albany, Corvallis, or Philomath Oregon, ask for film pick-up.

Pricing:

Reasonable & competitive, Call or check the website for additional details...
Voice mail: 541-609-0400
